Fraud Risk Awareness: Interactive Workshop**

Overview:

This web app provides a comprehensive, user-friendly experience for your 30-minute Fraud Risk Awareness Workshop for trustees, leadership, and budget-holders. The goal is to raise awareness of fraud risks and compliance requirements, with a focus on regulatory updates and practical next steps.

Key Features:

1. **Interactive Briefing Slides**:

   * Users can navigate through slides that cover critical topics, including the regulatory landscape, fraud types, defense strategies, and organisational impact.
   * Each slide will feature a "Discussion Prompt" or a "Quick Quiz" to reinforce key points and engage users.

2. **Real-Time Polling & Feedback**:

   * Conduct live polls with attendees to gauge understanding and capture input on fraud risks within their organisation.
   * Attendees can submit questions via a Q&A section, with the option to upvote questions from others.

3. **Downloadable Resources**:

   * A dedicated section for downloading materials such as:

     * Fraud Risk Self-Assessment Checklist
     * Budget-Holder Guidance Document
     * 90-Day Implementation Roadmap
   * Option to send these resources via email for easy access after the workshop.

4. **Case Studies & Scenario-Based Exercises**:

   * Provide realistic case studies tailored to the specific sector (Public, Charity, or Private) for deeper understanding.
   * Interactive fraud scenarios where users can make decisions and see the outcomes of different actions, fostering practical application of the learned concepts.

5. **Progress Tracker**:

   * Attendees can track their progress through the workshop, marking sections as complete and receiving recommendations for next steps based on their responses.
   * After the workshop, they can view a personal action plan based on their organisation's needs and committed actions.

6. **Customisable Content**:

   * Depending on the sector (public, charity, private), users can choose specific case studies, examples, and frameworks relevant to their industry, ensuring the content remains sector-specific and highly relevant.

7. **Multi-Device Compatibility**:

   * The app is optimized for desktops, tablets, and smartphones, ensuring seamless access to materials and interactivity no matter the device.

8. **Certification & Completion Badge**:

   * Once the workshop is completed, users will receive a certificate of completion with a summary of their action steps, helping them stay on track with fraud risk management.

User Flow:

1. **Welcome Screen**:

   * Introduce the workshop's objectives, duration, and audience.
   * Option to start or continue the session.

2. **Pre-Workshop Materials**:

   * Download or read materials before starting the session.
   * Brief overview of the regulatory landscape and fraud risks.

3. **Interactive Briefing**:

   * Users can navigate through the sections of the workshop.
   * For each section (e.g., "Regulatory Landscape", "Organisational Impact"), there will be:

     * A brief, informative slide

* Discussion prompts or polls
    * A sector-specific case study or scenario

4. **Practical Next Steps**:

   * Based on the user's responses during the workshop, an action plan is generated for the organisation to start the fraud risk assessment process.

5. **Wrap-Up**:

   * A summary of key points learned, the next steps for the organisation, and downloadable resources for reference.
   * A final survey to gather feedback and gauge the effectiveness of the workshop.

Design Approach:

* **Simplicity**: Use clean, modern visuals with intuitive navigation. Avoid overwhelming users with too many options on any single page.
* **Sophistication**: Use professional colors, fonts, and layout, incorporating the branding of your organisation for a polished, corporate feel.
* **Interactivity**: Ensure that the app is engaging with real-time inputs from users (polls, scenario-based questions, etc.).

Example Prompt for the Web App:

Welcome to the Fraud Risk Awareness Workshop

You are about to begin a 30-minute workshop designed to equip you with critical fraud risk awareness. This session is tailored for Trustees, Executive Leadership, and Budget-Holders, and will focus on key regulatory updates and practical steps to mitigate fraud risks within your organisation.

Instructions:

* **Navigation**: Use the buttons below to move through the sections of the workshop.
* **Engagement**: Respond to the questions and scenarios to enhance your understanding.
* **Completion**: Once you've completed the workshop, you'll receive a summary report and personalised action plan for your organisation.

This prompt encourages a simple, structured user experience while providing sophisticated, interactive content to ensure the workshop's goals are met effectively.
